This prestigious world championship aims to bring together athletes, masters, coaches, leaders, and organizations from around the world, promoting international integration, cultural exchange, and strengthening the true spirit of Traditional Karate-Do. The event also reaffirms the fundamental principles of Budo, based on discipline, respect, honor, perseverance, and the integral development of the human being.

The **5th World Traditional Karate-Do Championship** represents one of the most important moments on the WKT international calendar, constituting an important opportunity for athletes and delegations to demonstrate technical excellence, sportsmanship, and commitment to the traditional values of this noble martial art.

In addition to the high technical quality of the competitions, the championship will provide an environment of fraternity, mutual respect, and exchange between nations, strengthening the bonds of friendship between participating organizations and contributing to the growth and recognition of Traditional Karate-Do on the world stage.
